August 10, 2015

Dear Sunset Park Elementary Families,

It is my pleasure to welcome you to another great year at Sunset Park Elementary. While our school is part of one of the largest school districts in the country, our dedicated staff works very hard to meet the individual needs of all students. We strive to maintain personal connections with our families, students and community at large. Last year, you welcomed me with open arms, and I had an amazing experience as a first year Principal. I'm excited to begin my second year at Sunset Park Elementary.

I invite you to become an active participant in our school community through volunteering, joining our PTA, and/or attending school sponsored events. Research shows and supports that when parents/guardians participate and are involved in their child's education, there is a greater likelihood of academic success for the child, thereby, producing productive members of society.

I truly believe that communication is the key to a successful educational experience. Together, we will continue to improve the quality of our school community and provide the best for the children of Sunset Park Elementary School. You are encouraged to have active dialogues and conferences with your child's teachers.

My vision continues to be coming together as a community to continue to soar to great heights. As I've stated before, we are the "jewel" of Kendall and we will continue to strive and succeed. This year, as we continue to work together, our theme is "Riding the Wave to Success". I encourage everyone to be involved and work collaboratively for one purpose, student achievement, success and team spirit.

Sincerely

Wendy Hernandez
Principal
